Dante Sisofo

WHAT IS FLUX

FLUX is an open-source chronological photography publishing system.

36 photographs become one complete numbered issue.

The system generates:

- PDF publication
- contact sheet
- metadata manifest
- printable issue

STEP_01

CAPTURE

CAMERA: compact digital camera
FILE TYPE: small JPEG
COLOR MODE: high contrast
monochrome

PURPOSE:

- eliminate processing
- eliminate workflow friction
- maximize speed

STEP_02

SELECT

SELECT 36 PHOTOGRAPHS

REVIEW PHOTOGRAPHS
AS SMALL THUMBNAILS

MAKE FINAL SELECTIONS
QUICKLY

DO NOT:

- overedit
- oversequence
- overanalyze

STEP_03

UPLOAD

UPLOAD 36 JPEG FILES AT:

flux.dantesisofo.com
/generator/

STEP_04

SYSTEM AUTOMATION

SYSTEM AUTOMATICALLY:

- reads timestamps
- preserves chronological order
- generates derivatives
- creates metadata
- generates contact sheet
- generates issue number
- generates issue PDF
- compresses for sharing

OUTPUT:

downloadable issue PDF

ISSUE STRUCTURE

DIGITAL ISSUE INCLUDES:

- chronological photo pages
- 6x6 contact sheet
- metadata manifest
- printable PDF

ALL PHOTOGRAPHS REMAIN
IN CHRONOLOGICAL ORDER

STEP_05

ISSUE GENERATION

SYSTEM AUTOMATICALLY:

- reads timestamps
- sequences photographs
- builds complete PDF

NO MANUAL LAYOUT

STEP_06

PRINT

PRINT: double sided
PAPER: 8.5 x 11 office paper

Philly schools introduce 'brain break' app

Rallee's rollout in Philadelphia schools is being funded by the Philadelphia Flyers for one year.

BY MARY JEAN TECCE DECARLO, THE CONVERSATION VIA REUTERS CONNECT

lated to the Philadelphia Flyers hockey team.

I'm a clinical professor of literacy studies at Drexel University in Philadelphia, and I previously worked as an elementary school teacher for 18 years. I know some families will wonder: Will this digital tool actually improve reading fluency?

manage overwhelming emotions.

What are brain breaks?

Brain breaks are brief interruptions in instructional time during which students do cognitive or physical activities that are different from what they are doing in class.

They were associated with improved reading fluency. And a study involving 7- to 9-year-olds in Europe showed that classroom-based physical activity breaks were correlated to better math scores and an improvement in some executive function skills.

School District of Philadelphia
Moving your body to navigate an avatar through a maze, as depicted on the Rallee website, also means a teacher may need to manage different students moving in different ways within their classroom space.

Rallee also requires students' eyes to be focused on a screen, which research

to purchase for its schools. Others might be more suspicious of the district partnering with a sports franchise to promote its team while offering unclear benefits to its learners.

Mary Jean Tecce DeCarlo is a Clinical Professor of Literacy Studies at Drexel University.
